Stop Sign Approved 7 Hours After Crash

Council members Monday
night approved installation
of a stop sign on 24th street
at Delmar avenue that were
about seven hours too late
to prevent an accident which
occurred about 1:45 p.m.
that day.

However, the sign is to be
placed this week to control
westbound traffic on 24th.
In Monday's mishap, Anna
K. Oringer, 73, of 2637 Cleve-
land blvd. was driving west,
while the other auto was be-
ing, operated south on Del-
mar by Janean Wehrman,
19, of St. Ann. Mo. Police
said no one was hurt.

26 Indictments Returned Tuesday By Grand Jury

The Madison county grand
jury returned 26 indictments
and three no-bills in a report
Tuesday afternoon at Edward-
sville. The indictments were sup-
pressing, arrangements
scheduled for 1 p.m. Monday.

Among three defendants ex-
amined was Fred Grenzbach,
former Wood River township su-
pervisor, who had been charged
with a conflict of interest in the
sale from his service station of
gasoline and oil to the township
while he was supervisor.

The other no-bills were
for Homer Baker and Charles
Hazzell, who are not from the
Quadrant area.

The grand jury returned com-
plimentary reports on the coun-
ty nursing home and the tubercu-
losis sanatorium at Edward-
sville, remarking that the pa-
tients are well cared for. The
jury recommended improved
lighting of the stairway at the
nursing home and suggested that
United Funds or organizations
contribute television sets for use
of the patients at the sanatorium.

The jury was critical of the
physical condition of the county
jail, cited the need for a new jail,
but with a lack of funds, recom-
mended only that new locks be
installed and that a crack in a
wall, a porch railing and a drain
pipe be repaired.

The jurors noted that the
cleanliness of the jail "are as
good as can be obtained, keeping
in mind the physical limitation of
the existing antiquated and
unsatisfactory conditions."

Apponey Sentenced To 3-10 Years For Shooting

Daniel Apponey, 43, of No. 8
Jones Park, Pontoon Beach, was
sentenced to three to 10 years
in the Illinois State Penitentiary
Monday afternoon after he plead-
ed guilty to a reduced charge of
aggravated battery in Madison
county circuit court at Edward-
sville.

He had been charged with at-
tempt to commit murder in the
July shooting of Andrew Mack,
36, of No. 9 Jones Park.

Apponey was on probation for
a house burglary at the time of
the shooting and had been fined
for possession of a deadly weap-
on. He also has been arrested
on other weapon and assault
charges.

Mack was wounded in the left
shoulder and right chest from
two blasts of a .410 gauge bolt-
action shotgun. Pellets also
struck his right arm and the
right side of his neck.

Main street, Venice; \$4,000 from

State street; and \$15,000 from
John P. Lindsey, driver of a car
which collided with one in which
Mrs. Reid was riding on Jan. 15,
1960. The accident occurred on
Highway 3 in Cahokia.

uted to a heart ailment. He had
been under medical care.

Mr. Young, who was retired,
had not been seen for two days
by neighbors, who summoned
the police. He was found when

Dust Blows When Large Bag Breaks

The neighborhood in the 2300 block of Delmar avenue was "dusted" Monday when a large bag being used by a furnace cleaning firm broke and the contents blown about.

Angry housewives immediately summoned assistance from police who informed the operator of the thick cloud of dust enveloping the area.

The cleaner was unaware of the condition and shut down the blower until the gap in the bag was repaired.

(Special from Springfield) The Illinois Liquor Control Commission, meeting here Monday, continued until Nov. 25 the hearing for the local DAV Club, 1417 Nineteenth street, on its purchase of a \$250 U.S. gambling stamp.

The commission holds that purchase of a stamp is a violation of its rules governing taverns in Illinois. The continuance was granted due to the inability of representatives of the club to be present Monday.

Warriors Meet Blue Devils In Home Finale

Quincy Has Won 3 Straight Games After Losing 4 To SWC Opponents

Granite City's fighting Warriors end their home football season tomorrow night in a non-conference battle against the streakish Quincy Blue Devils.

Kickoff will be at 8 p.m. on the GCHS gridiron.

"I'm having a hard time convincing anyone," said Coach Jim Morrison of the Warriors, "but Quincy is going to be a real tough ball club."

The Blue Devils have certainly been tough recently. After losing their first four games, they defeated Keokuk, Ia., 14-6; Burlington, Ia., 14-7, and Mattoon, 7-0.

No Luck Against SWC Foes

But in the first four contests—all against Southwestern Conference teams—Quincy came out short every time. The losses were to Alton, 14-13; Collinsville, 23-13; Belleville, 43-7; and East St. Louis, 21-7.

Quincy has considered joining the Southwestern Conference at various times, and has scheduled an increasing number of SWC teams.

Cecil Wade, the Quincy coach, isn't letting lack of success against SWC clubs discourage him.

"I'd say we're about equal," he said of tomorrow night's contest.

A triumph would assure Granite City of a better than 50% season. Now standing at 4-2-1, the Warriors finish up the season on Nov. 8 at Belleville, against the very tough Maroons.

Praise For Center, Backs

Both coaches feel they have their opponents well scouted. Morrison himself viewed the Blue Devils victory over Keokuk.

He had only the highest praise

Park Bowling Action Opens On Saturday

The annual bowling program for junior-high and senior-high school students begins Saturday at the Tri-Mor bowling lanes, Harry E. Brown, superintendent of parks and recreation, announced today.

Boys and girls may form their own teams or may be placed on a team when they report to the bowling alley. Bowling instructors will be on hand to help new bowlers.

Students have been asked to report at the time they wish to bowl during the 27-week season—either at 9 a.m. or 1 p.m. About 30 girls' teams and 12 boys' teams are expected to enter the program. Brown said.

Bowling fees are 25 cents per game and 10 cents for shoe rental. Each person will bowl two games each morning.

The season will end with a dinner and father-son tournament and a bowling banquet.

Season Saturday

The Granite City park district's fall touch football program wrapped up Saturday with morning and night sessions at Wilson Park.

The morning schedule: 9 a.m. Red Rams vs. Paul Seebold High; 9:45 a.m. Blue Rams vs. Lions; 10:30 a.m. Steelers vs. Red Rams; 10:30 a.m. Packers vs. Falcons; and 11:15 a.m. Bears vs. Rams.

Saturday night's games were rescheduled from last Saturday, when the boys attended the Washington University football game.

The schedule: 5:30 p.m., Little Rams vs. Browns; 6:15 p.m., Raiders vs. Steelers; 7 p.m., Bears vs. Falcons; 7:45 p.m., Packers vs. Rams; 8:30 p.m., Paul Seebold Jets vs. Steelers; and 9:15 p.m., Lions vs. Red Rams.

Lincoln Weiser of the Granite City Pistol club team was the first man to shoot a score of 879 out of 900, just missing a tie for first with Paul Seaver Jr. of the St. Louis police, who was the open winner with 880.

Members of the Granite City police team in the shoot last night: George Taylor, Bruce Martin and Joseph Barschky. Others from the Pistol club were Ernest Karamanoff, Thelma Miners and Harold Cox. Weiser was the only local shooter to place.

St. Louis police won the team championship with a score of 9433 out of 2600. Granite City police could not participate as a team, as a fourth member who was scheduled to shoot was called away to testify.

Participating in the event were Illinois state police districts 13, 111 and 113, the Granite City Pistol club, the Granite City, Belleville and Mt. Vernon police, Menard State Penitentiary guards and the Jennings, O'Fallon and St. Louis police. Edward Warden Ross Randolph was on hand for the match.

The next match will be held Nov. 25 at the Granite City police range.

Madison Jayvees

Finish By Losing To Highland, 13-0

Madison Coach Bob Page was not too discouraged after his freshmen-sophomore team lost to Highland 13-0, Monday afternoon on the Trojan field.

Our record doesn't show it, but this is the best freshman group we've had in a long time," he said.

The young Trojans finished with a 1-6 record. They lost by big scores early in the season but later came around to play competent football. The only victory was over Dupu.

Both of Highland's touchdowns were scored on passes. Page praised the defensive play of back Steve Shipcoff and guard Terry Rhodes. He also said left halfback Johnny Brake did "a tremendous job" on offense.

Madison's other losses this season were to Edwardsville, Coolidge junior high, Cahokia, Granite City and Roxana.

CARDINALS THREE. These three professional athletes from St. Louis will appear at the fourth annual Granite City park district awards banquet Wednesday night. From left, they are Ken Gray and Joe Robb of the football Cardinals and Granite Cityan Dal Maxwell of the baseball Cardinals.

Jack Rockwell, Cards' Trainer, To Speak At Park Awards Dinner

St. Louis' football Cardinals lost a great halfback the other day and Granite City lost a speaker.

Star halfback John David Crow was to be the speaker at the fourth annual awards banquet of the Granite City park district at 6:30 p.m. next Wednesday at the Community Center.

But Crow, who reinjured his left knee against the Washington Redskins Sunday, underwent surgery yesterday. He is out for the season and won't be able to attend the banquet.

So the man responsible for treating injuries such as Crow's—the Cardinals' trainer, Jack Rockwell—will be the featured speaker.

Rockwell received his bachelor's degree from the University of Kansas and his master's from the University of Colorado. He was head trainer at the University of Colorado for eight years and is in his fourth year with the Cards. He doubles as a sharp-eyed scout for the team.

Found Jackie Smith, the Cards' tight end, and Joe Robb, a star at the football Cardinals, plus short-

MAIN SPEAKER at park district banquet will be Jack Rockwell, trainer of the St. Louis football Cardinals.

Southern school, Rockwell will relate his experiences in both the training and scouting fields.

Other sports celebrities to appear will be team captain and offensive right guard Ken Gray and defensive left end Joe Robb.

Rockwell found at a small

stop Dal Maxwell of the baseball Cards. They will speak briefly. Maxwell is a native Granite Cityan and lives here in the off-season.

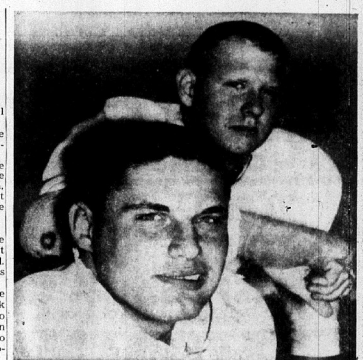

Master of ceremonies will be Barry Loman, president of the park district board. Milton Allen, park commissioner, will present athletic awards won over the past year.

400-450 Expected
From 400 to 450 persons—the biggest gathering for the event yet—are expected to attend. About 140 trophies and awards will be presented.

The biggest moment will come with the awarding of the park district's appreciation award to an individual or organization that has contributed greatly to the park and recreation program.

Previous winners were the Granite City board of education (1962), Henry D. Karandjeff (1961) and James Holland (1960).

Milton Worthen, vice-president of the local park board, who was recently elected president of the Illinois Park District Association, will give the welcome address.

TWO LINEMEN earned Madison Coach Glen Pickering's praise as "players of the week" for their performances in last Friday's 26-14 loss to Highland. The Trojans are John Onesty (below), 210-pound senior tackle, and Tom Miller, 185-pound junior guard. Both were cited for fine work both offensively and defensively. Madison, holding a 2-5 record on the season, is now preparing for the last scheduled game—Nov. 8 at home against Jerseyville.

Dow Strikers Must Pay For Own Insurance

Dow Metal Products Co. announced this week it is discontinuing payment of group insurance premiums for those striking employees who do not pay their share.

The Madison-Venice division of the Dow Chemical Co. notified the members of the United Steelworkers of America that the change in policy by letter.

Gerhard Ansel, plant manager, said the action was taken "because we cannot predict the duration of the strike and because we have heard that many employees are taking work elsewhere."

The company, which pays a major share of the group insurance premiums, normally collects through a payroll deduction. Since the beginning of the strike on Aug. 21, the company had advanced the employee share of the premium against future payroll deductions.

Steelworkers who desire to remain in the group insurance program may pay their share at the plant's payroll office.

The company described the offer to continue insurance coverage as a demonstration of good faith and an investment in future relationships.

Two Months Old The strike today became two months old. And the U. S. Mediation Service in St. Louis said no meetings between Dow and the Steelworkers have been scheduled.

Although the two sides reached a tentative agreement in meetings with federal mediators, the union refused to accept it by 6:10 to 1 vote.

Currently, strikers at the plant are restrained from mass picketing by a temporary court injunction.

Ansel said Dow has resumed limited production at the plant. He said the current operations were "aimed at meeting the obligations of military contracts and the critical needs of customers relying on the company as a sole source of supply."

Dow is one of the few magnesium producers in the country. Union officials said they are studying legal aspects of the company's change in insurance policy and were not in a position to comment today.

It was the largest report for any month here since December 1961, when the tally was \$6,496,976.

He is a graduate of University College, Galway, Ireland, and has had post graduate work in psychiatry and a psychological medicine. Prior to coming to Alton, he worked at the Rainhill Hospital in Liverpool, England.

Castelli is a graduate of McKendree College, Lebanon, and has a Master Degree in psychology from Washington University.

He currently is working toward a Ph.D. at St. Louis University.

He and his wife reside in Belleville.

The role of Mrs. Watkins at the hospital is termed unusual in that she is the first registered nurse to work solely in cooperation with social workers.

The assignment is an outgrowth of the family care program in which patients are entrusted to responsible people in the community.

With such separations increasing from eight in 1946 to the present 227, officials felt that a nurse among the foster homes would improve the medical care for these out-patients. A physician is also assigned to duty of this type.

Mrs. Watkins received nurses training at Alton Memorial Hospital and continued working there for several years, leaving as a nursing supervisor. She has a little girl and resides at 1408 Seminary street, Alton.

Vets Widows To Get 2 Checks Next Month

Nearly 5300 widows of Illinois veterans will get two checks from the Veterans Administration this weekend or early next week.

One check will be for their regular monthly dependency and indemnity compensation. The other will be an adjustment check to cover the first month's increase due in DIC payments under two bills signed into law this month by the President.

One measure increased the basic payments for widows receiving DIC from the old rate of \$112 to \$120; the second increased military pay in general. Under DIC, an eligible widow receives the basic payment plus 12% of the monthly basic military pay now being received by the veteran whose rank and years of service are the same as those of the deceased veteran.

The minimum increase is \$8 monthly and when military pay is added the additional amount could be as much as \$25. The average increase is \$15. The extra checks are strictly one-time payments. An insert with the one-month increase explains that starting in November the regular payments will include the increases.

DIC payments are authorized for widows of servicemen who died on or after Jan. 1, 1957, from disability or disease attributed to service in the armed forces.

Increases will also go to widows of servicemen who died after Jan. 1, 1957, if they have been able to receive DIC instead of death compensation.

Nationwide, more than 123,000 widows will receive \$242,000,000 an increase of \$17,000,000.

Vacancies Exist In Soldiers, Sailors Home

Care for eligible veterans' wives and widows at the Illinois Soldiers and Sailors Home at Quincy is currently available and some vacancies exist, Joseph D. Weston, secretary of the local office of the Illinois Veterans Commission, announced today.

A veteran must have had 90 days of wartime service and been a resident of the state for five years immediately preceding the date of application. It must be established that he is disabled and incapable of earning a living.

Under certain circumstances a veteran and his wife may be admitted to the home. Widows may be admitted when all requirements are met, which includes marriage to the veteran for at least 10 years prior to his death, that she shall be at least 50 years old and has no adequate means of support.

Weston said there is no waiting list, that applications will be processed quickly and persons wishing to inspect the facilities before applying may do so. Further information may be obtained from Weston from 8:30 a.m. to 5 p.m. Mondays through Fridays in his office in the city hall building in Granite City.

1963 Earnings For Amsted Up 3%-Sales Jump 11%

Amsted Industries, including Amsted's non-railroad products, reported an increase in net income and sales in the third quarter of the year helped by a decrease in the cost of goods sold. Sales for the quarter were \$80,000,000, up 4% from 1962.

The 1963 fiscal year was the first in the company's history in which non-railroad products accounted for more than half the volume. Lanterman said, "This continuing upward trend in non-railroad sales is a result of Amsted's planned diversification into other markets."

He noted that, "This diversification has been accomplished without de-emphasizing the company's position as a major supplier to railroads."

Lanterman said earnings for the third quarter of 1963 were adversely affected by several factors. There was a decline in the selling price of cast iron pressure pipe, a decrease in the replacement of wheels to steel resulting in a loss of sales, and a market for steel freight car wheels. Research expenditures increased substantially. Greater costs were incurred in connection with several product lines which were disposed of by one of the pipe operations.

Company Expenditures
Company expenditures for the third quarter of 1963 amounted to more than \$14,000,000. The largest expenditures were for the properties of Coon Creek Clay Products Co., a Millville, N.J., producer of clay pipe, modernization of the cast iron pipe plant at Florence, N.J., and for a new steel wheel plant at Millville, N.J.

On the basis of present plans, expenditures for plant additions in 1964, including acquisitions, will total about \$15,000,000. Lanterman also announced the company has leased DeLong's Foundries and Steel, Ltd., to use Amsted's Controlled Pressure Pouring process for the direct casting of semi-finished steel mill shapes.

Controlled pressure pouring is Amsted's patented method of producing metal shapes by forcing molten metal up from a sealed chamber into graphite molds. Applying the process to the production of semi-finished steel mill products would eliminate such now common and costly steelmaking steps as ingot casting, soaking pits, initial rolling mill steps, and certain surface conditioning. It also provides higher yield.

Rotarians Preparing Benefit Smorgasbord

Madison Rotarians will do all the cooking and serving at their traditional Veterans' Day-week smorgasbord from 11:30 a.m. to 6 p.m. Sunday, Nov. 10, it was announced at the weekly luncheon meeting yesterday. Leo Schermer again will be the main chef, aided by other members of the club.

The all-you-can-eat event annually attracts large turnouts to the Madison recreation center, Seventh street and Lee avenue, and this year will be no exception if the ticket salesmen—the Rotarians—perform up to expectations. The tickets for adults cost \$1.50, and children are admitted at the door for 75 cents.

Schermer presided yesterday as final arrangements were made. Fried chicken, baked potatoes, macaroni and cheese, Polish sausage and sauerkraut and chili-macaroni were announced as the main dishes, with roast beef to be added to the supper hour.

Other menu highlights will include rice dressing, combination salad, cottage cheese salad, vegetables, bread, pickles, fruit salad, cakes and coffee.

Cooked By Club Members
Those bound for the football game, that afternoon will be served early. Schermer announced. The food is cooked by the Rotarians, who spend much of the weekend preparing it. The cakes are baked by the Rotarianes.

Proceeds annually go to advance the charitable and benevolent activities of the Rotary club, which this year is allocating \$400 toward the Madison police dog fund as well as making several other large contributions, such as \$120 to the United Fund. The \$400 is part of \$800 contributed to the city of Madison for the purchase and training of a "name corps" addition to the Madison police department.

President Lewis Waggoner presided during the remainder of Wednesday's meeting, and Frank Ejan announced the birthday of Oscar Albert.

Joe Hlava, orchestra leader and accordionist, presented polkas and other music with the assistance of Wayne Scennell, program chairman.

House Refers 'Impact Aid' To Conference Committee

School Supt. Harold M. Kaiser returned to Granite City late Tuesday night from Washington, D. C., where he had flown Monday afternoon to add his approval to Congressional approval of continued aid to "federally impacted" schools.

Dr. Kaiser was present Tuesday as the House of Representatives voted to remove the legislation from the Rules committee and refer it to a House-Senate conference committee, which was appointed the same day.

The conferees are expected to meet in the near future, and their report is to be accepted without further change.

May Extend Two Years
General opinion in Washington is that continuation for 1963-64 is assured, and probably also for 1964-65, Dr. Kaiser said.

The current Granite City school district budget contains \$150,000 in still unapproved federal funds—\$152,000 for general operation and maintenance expenditures under Public Law 874 and \$18,000 for science equipment under the National Defense Education Act.

Aid to impacted districts—those which educate a large number of children whose parents work at non-taxpaying federal installations—was extended for three years by the Senate but remained stalled in the House until Tuesday's vote.

Local Toastmaster Club Seeking New Members

New members for the Toastmasters Club are being sought. An Award Dinner Monday night was James Dimitroff, who spoke on "Over and Under the Sea Highway." Also speaking was Charles Young on the topic "Who Makes the Law."

Marvin Dean, who served as toastmaster, was given the "hone" award for making the most homes.

Dr. Claude Hiles was the evaluator.

The club meets at 6:30 p.m. each Monday at the Grand Cafe on 20th street.

Area Plan Commission Adopts By-Law At Meet

The Southwestern Illinois Metropolitan Area Planning Commission adopted a set of by-laws and discussed methods of interviewing applicants for the position of executive director during its second meeting of the entire commission last night at the Sunset Hill Holiday Inn motel.

The by-laws were accepted as recommended by the executive committee. The committee will screen applicants tomorrow and Monday at the office of the Home Federal Savings & Loan Association in Collinsville, and when the screening is completed, it will report to the full commission.

The proposed hillside drainage and Horseshoe Lake state park projects were introduced on the floor but no action was taken.

Alton Mayor of Alton, commission president, noted that the commission is not yet sufficiently organized to consider the projects, but it will do so at a later time.

May said that some of the commissioners are members of other organizations which are directly interested in the projects and want the planning commission to implement their work.

Draft Delinquent
Thomas Kenneth Reynolds is considered as being delinquent with Selective Service Board I, it was announced today. The last address the board has is Granite City.

Vandals Smash Window
"A window at the International Restaurant, 910 Niedringhaus avenue, was smashed with a soda bottle, it was reported to police at 6 a.m. today by the proprietor, Louis Vasil.

\$25 Fire Damage To Shed
A frame shed at the rear of 2105 Delmar avenue was damaged by fire about 4:30 p.m. Wednesday. The blaze started from burning rubbish left in the abandoned Illinois Trolley Railroad right-of-way. The shed now has four narrow lanes.

The mayor announced that pairs to boilers to heat city buildings have been announced and ordered by the state boiler board last spring.

In other action, the board approved minutes and bills.

Council Continues Study On Status Of Alderman

Council members indicated no plan of action Monday night in opinions given by City Atty. George Pileoff Jr. and the Illinois Municipal League concerning the legality of First Ward Alderman William Dallas remaining on the council.

Several weeks ago Dallas' position was challenged by Alderman Steve Basarich, who quoted a city law which states that an alderman is not to be directly or indirectly involved in the sale of liquor. Alderman Dallas' wife, Irene, has a liquor license for operation of a tavern at 20th and Omaha streets. Dallas is employed at a local industrial plant.

Pileoff, in his opinion, said there is no provision to expell the alderman, but that the liquor license could be revoked for Dallas' wife.

The attorney said he would mail copies of his opinion to the aldermen for study.

IML Gives Opinion

Alderman Mrs. Gabrielle Belne said she conferred with legal advisors for the Illinois Municipal League while in Springfield during the IML convention and was told there could be a direct violation of law.

She said quo warranto proceedings could be filed by either council members or private citizens requesting court action. She added that a violation of a city affidavit could involve the city bonding position, including the pollution abatement program.

Should there be a question on the vote by the council on bond issues.

The bond attorney probably will look into that," she added. Alderman Donald Partney replied that it would take a vote of the council to expell an alderman and that it has been known the council at one time even had bootleggers as members. He added that he also saw no reason to take away the license of a tavern that was being operated in a proper manner.

Planning To Retire? File Now For Social Security

All persons planning to retire within the next four months are being urged to file their applications for Social Security retirement benefits now.

Ralph Brasher, district manager for the East St. Louis office, said claims filed at this time can be processed and payments authorized so that benefit checks can be sent to workers who retire at the end of this year.

"This eliminates unnecessary delays that occur due to the peak work loads that are prevalent during the first three months of each year," he explained.

Brasher said persons contemplating filing are requested to have with them a document proving their age. Workers who have spouses who are within three months of being age 62 or older are also requested to have the necessary proof of age.

"The Social Security office is located at 435 Missouri avenue, East St. Louis and is open Monday through Friday from 8:45 a.m. to 4:45 p.m."

Woman Hurt In Fall On Steps During Fire

Mrs. Margaret Jones, 52, of 1803 Edison avenue, was hospitalized Monday evening for a back injury suffered when she fell down a flight of three steps during the excitement of a fire in the two-story brick building.

Firemen summoned an ambulance to take her to the hospital. They said the fire was minor and listed no damage. It broke out about 6:30 p.m. in the second floor apartment bedroom of Pearl Deltossett, and the cause was listed as a short circuit in wiring.

A building, which also houses a confectionery, is owned by C. D. Smith.

City Sets 25mph Limit For Section Of Street

Complaints of speeding on the curves along Terrace lane between Garfield avenue and Port-ton road resulted Monday night in Granite City council members adopting an ordinance to reduce the speed limit to 25 miles an hour.

With the adoption of the ordinance, signs setting the 25 mph limit are to be posted.

'64 CORVAIR Monza by CHEVROLET

We think it's the most important single thing we've done to Corvair since it began winning rear-engine converts four years ago.

You now have a new range of power to choose from: 95 hp in the standard Turbo-Air engine (up nearly 10 per cent); 110 hp in the optional extra-cost version (up nearly 8 per cent); and 150 hp in the Turbocharged engine (the top-

rated job that's standard in Monza Spyder models). Add to that Corvair's easy steering, maneuverability and sure traction, and your driving's going to seem a lot different. Expressways will look even more inviting, and hills — well, you may feel there just aren't any steep ones around any more.

1776 Freedom's Birthday 1517

1776—George Washington, leader of the American revolution, is called the father of a country that has enjoyed blessings of freedom beyond any other land.

1517—Luther, the leading spirit in the reformation of the Church, was the man God used to restore the freedom of the Christian Gospel to the world. But neither man made men free. The Declaration of Independence declared as self-evident that all men "are endowed by their Creator with . . . liberty". Washington was the leader of men who wanted to have the right of freedom God had given.

Martin Luther, too, only insisted that men should "stand fast in the liberty wherewith Christ has made us free." (Galatians 5:1). When God gave His Son, Jesus Christ, to the world, when Christ gave His life on the cross for the world, man was freed from the tyranny of devil and sin. Luther insisted, with Christ, that "If the Son therefore shall make you free, ye shall be free indeed." (St. John 8:36).

"Eternal vigilance is the price of freedom." The Lutheran Church in your community urges you to act now—come find the freedom from sin that God offers freely in Jesus Christ. Call Pastor Buis, Pastor Boda or Pastor Twiltmeyer—attend the adult information classes—hear the sermons.

Goodwin, Ellsworth Snatch Scoring Lead From Townsend

Joe Townsend, the Edwardsville halfback who was bottled up effectively by Granite City last week, has given up his lead in the area prep football scoring race.

Townsend was held scoreless and his 57-point total was passed by Jim Goodwin of Belleville and Sam Ellsworth of East St. Louis Lincoln, who have 60 points each.

Goodwin scored one touchdown in Belleville's victory over Alton. Ellsworth made a big jump with four TDs in Lincoln's 47-0 thrashing of Cairo Summer. Townsend, who scored 51 points in Edwardsville's first four games, has been held to one TD in the last three contests against East St. Louis, Alton and Granite City.

The scoring leaders:

Jim Goodwin, Belleville — 60
Sam Ellsworth, Lincoln — 60
Joe Townsend, Edw'dville — 57
Leroy Johnson, Alton — 48

Must Have Character In Grid Team—Coach

Character building is the most essential ingredient in developing a good football team, Coach Jim Morrison of Granite City high school told the Rotary Club at its regular noon luncheon meeting Tuesday in the YMCA.

"It takes quality boys to win, and we have a fine bunch of kids," he said. "They are not only polite and well-mannered, which speaks well for their parental training, but when an accident or honor society meets in conflict with football practice, some of the fellows are with the honors group."

In his character-building program, which Coach Morrison emphasized above football strategy, he listed five major points: (1) value of work, (2) sacrifice and self-discipline, (3) perseverance, (4) courage and (5) self-confidence.

"There is more character to be learned on the two-yard line than in most other situations," he asserted.

Coach Morrison was introduced by William Justin, program chairman. A special guest at the luncheon was Byron Borchardt of Mansfield, O., former coach at the local school who also stressed character-building in his "athletics for all" program that brought championship in several sports during his long tenure here.

President James Louis reported that a tentative accounting indicated approximately \$3500 was made on the Horse Show held last August. The money will be used for community projects.

The bald eagle, symbol of the United States, was also the great symbol of the Iroquois Indians. The Iroquois believed the eagle watched over them and helped them in time of trouble.

GCHS Sophs Win, 38-12, Over Tigers

Talk about rubbing it in! Edwardsville's sophomore football team roared into town Monday night, eager to get revenge for Granite City's 13-6 victory over the Tiger varsity on Friday.

The fighting Warrior sophs didn't flinch, and instead opened the old saltshaker for the Tigers' wounds and sent them yelping with a 38-12 setback.

The local club scored twice in the first period, on a 20-yard pass from Ricky Turner to Dana Lakatos and an 18-yard run by Turner.

Leonard Revelle matched the Tigers' 12-point effort in the second quarter by making a flashy 67-yard touchdown run and catching a pass from Tim Hackney for a 20-yard scoring play.

Granite City added to its 25-12 halftime lead when Rich Kozial carried the ball over from the four. Leo Nighohossian scored the last TD in the fourth period on a 10-yard run. Jim Rains kicked both extra points.

Sophomore Coach Roger Manul said the young Warriors showed perhaps their best offensive thrust in a season that has given them a 6-1 win-loss record.

He also praised the defensive halfbacks, Fred Hoffman and Kozial, who had 10 and 11 tackles respectively. Outstanding in the line, he said, were Ed Brokaw and Jim Parker.

The Warrior sophs will end their season at 4 p.m. Monday at Assumption in East St. Louis.

Behind The Locker Room Door With Granite City's Warriors

Granite City PRESS-RECORD
Thurs., Oct. 31, 1963 Page 33

(To followers of the "Fighting Warriors," Granite City high school's varsity football club is a familiar organization at this stage of the season — on the field.)

But what about the Warriors and their coaches in their not so public moments—the 10-15 hours spent each week in preparation for 48 minutes of football on Friday night?

How much drama is there, actually, on the sidelines during the course of a game? How do Granite's "quality kids," as they have been dubbed by head Coach Jim Morrison, take victory—or defeat?

Follow, if you will, the Warriors, as they prepare for and play an important Southwest Conference game. Follow Warren, not from the grandstand, but from as close as one can get—unless he's actually wearing a uniform.)

PREPARATIONS actually began for last Friday's game a few hours after the conclusion of the previous week's encounter.

Assistant coaches just back from scouting Edwardsville against Alton gather with other members of the football staff and their wives over coffee and sandwiches and the scouting reports get a quick going over.

By Sunday evening, Coach Jim Morrison, together with assistants Gordy Galbreath, Larry Burkhardt, Stan Wojcik, Roger Manuel and Leon Chappell, have pretty good idea of what they will throw at the Warriors in Monday afternoon's practice.

"Edwardsville runs three basic pass patterns," the scouting report relates. The Warriors go right to work on them. Burkhardt and Wojcik fret over methods of containing EHS's two fine running backs, Joe Townsend and Bob Hoskins.

Burkhardt will still be working over a "panic" defense minutes before the game actually begins. "Should we go to a man-for-man on these two guys," he asks himself, "if they start hurting us?"

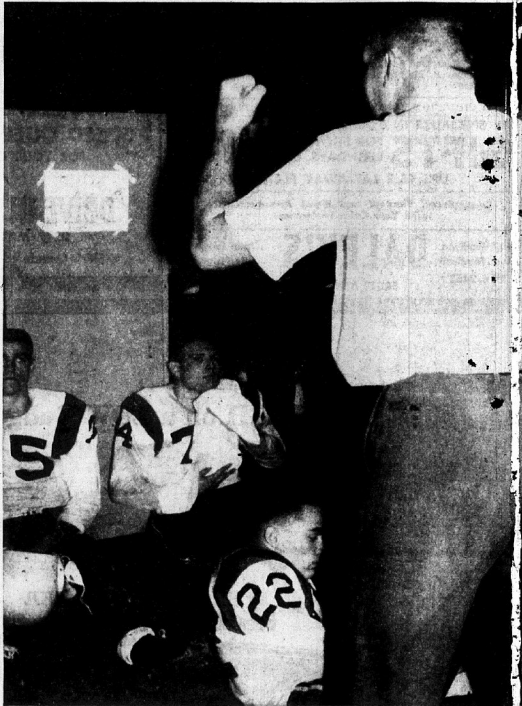

As it turns out, the Warriors' "stunting" and "blitzing" tactics in the defensive line will hold up, and Burkhardt's clipboard variations won't be needed.

By Tuesday afternoon, the Warriors are knocking heads, running the basic Edwardsville offense, also gleaned from scouting reports.

Wednesday's practice doesn't end until after dark, but Morrison is pleased, although a couple of his players are still watching the contact from the sidelines over portions of roast beef or with injuries. "Best week of our practice this season," he says privately Thursday evening.

Fast Training Meal

Nothing doing on the practice

PRE-GAME PEP TALK, complete with gestures is delivered in dressing room by Head Coach Jim Morrison in attempt to fire up Warriors for important contest with Edwardsville. Listening are Norm Wilfong (left), John Love (with towel) and Mike Mounce (22).

Field Friday afternoon. At 4 p.m., the nattily attired varsity team sits down to a training meal at Simpson's restaurant downtown. Most are quietly nervous, but not too nervous to dig into gen-

tle at the GCHS gym. Morrison and his staff are like so many mother hens at this point, but the head coach takes time out to hurriedly jot down notes he will use in a dressing room pep talk later in the evening.

It's an "away" game, so the Warriors pile onto a chartered bus in full equipment. "I don't want to hear you talk above a whisper on the bus, and I don't want you to talk about anything but football," Morrison tells his club before it climbs aboard. "And if you don't talk football, think it—think about your defensive splits and your assignments. And if you're not sure, ask your buddy."

By 5 p.m. members of the squad who need aides or kneecaps are on the training table.

"This is (Edwardsville's) homecoming. I don't have to tell you that," he continues. "They'll be fired up, but you can get the job done if you'll give us a great football game. You gave us a great job one last week (in a 7-6 loss to East St. Louis), but I'll take a great one to win tonight."

The bus arrives at the EHS gym quite early, almost an hour and a half before game time, and 45 fully-dressed players find themselves crowded into a steamy dressing room for last-minute instructions, including one (that pleases "effort" from Morrison.

"Watch the floor, it's slippery," someone yells, and a red-and-white clad Warrior slips and falls.

"He's okay," nearby teammates report.

Later Getting On Field

No one falls as the team rises as no player and fills the narrow confines of the room with his on-the-way-to-the-field vocal outburst.

The roar dies quickly as the Warriors realize that the national anthem is being played. They're a bit late. The stands are filled. People already stand three deep around the fence, which is only three feet behind the Warrior bench.

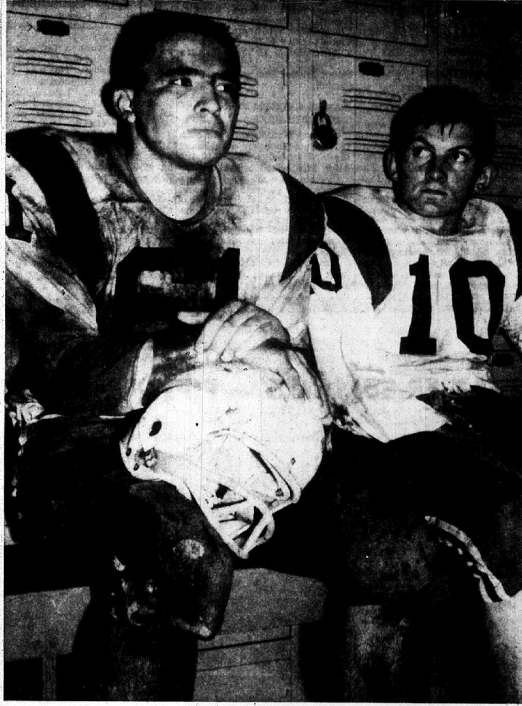

The Warriors will kick off. The 11 members of that unit automatically take their positions. Galbreath hurriedly checks walkie-talkie connections with Wojcik, who is in spotting role for the team.

Boom! Joe Hauptmann's kickoff boots balls to the Edwardsville line. Five. Bam! Kickoff return specialist Bernie Williams of the Tigers has the distinction of being the first player in the game to be tackled. The kickoff unit returns to the sidelines, and Warrior defensive specialists take over.

It's going to be a dirty night. With the temperature in the low 70s and little grass on the EHS field, kickoff team members coming to the sidelines are at ready spotted with mud.

By the end of the scoreless first quarter, the game has taken on definite qualities of a grueling defense battle, "stick 'em, gang," someone sings out as it becomes apparent that Edwardsville's bigger line has met its match, at least for the moment.

Recover Fumble

MUDDY BUT UNBOWED, guard Ernie Kern (61), who led blocking for first-half touchdown, and quarterback Doug Winfield sit quietly but attentively in dressing room at half-time while team reviews its first-half efforts. Warriors led 6-0 at this point.

"Now, play us a second half just like it and we'll take home that trophy sitting out there under the scoreboard."

More noise and more clicking cloths as the Warriors return to the field. They're late again, despite the lengthy homecoming halftime activities.

Wojcik's suggestions have been good ones. Receiving the kickoff, Granite City moves through the one and two holes in Edwardsville's defense, with Hiles eating up big chunks of yardage.

But the drive boggs down. The Warriors give up the ball inside the EHS 20 when Doug Winfield's pass to end Ron Yates is underthrown and Edwardsville intercepts.

Time Turns

Suddenly the complexion of the game changes. Townsend, contained for short gainers in the first half, breaks loose on a 69-yard run, and only a desperation tackle by safety Mike Mounce saves the shutout.

"Dig in!" "Take it to 'em!" These sideline suggestions, for the most part unheard by the GCHS defense, aren't needed. The Warriors hold, but then can't move themselves, and the game is tied 6-6.

Over Ernie's hole, over E's hole! relay several plays as they come off the field, a guard and lead blocker. Ernie Hoskins as many plays as a Hiles as they come to tie the score.

Hiles misses the kick for the extra point, and it's a serious-minded group of players who file quietly into the dressing room at halftime.

It is five minutes before they're settled. "Get off your feet," Morrison tells his players, then taps for quick consultation with the assistant coaches as to what's going on and what to do.

A Reminder

The players don't have to be reminded, but someone does anyway.

"Were right where we were last week," the remark. "It's the general consensus that is in excellent position to serve action on the field from his spotting post for the huddle on the field."

Comments are invited from the individual players. "It's the general consensus that the team has done a good job, both ways in the first half. Morrison says, 'I'm going to tell you the truth, boys. I think you got 'em. I think you've got the football game in the first half.'"

Calis Pass Play

Then, with two minutes left, Galbreath, who has been doing some observing himself from the sidelines, suggests a pass play, a particular pass play. The Warriors have stayed strictly on the ground, and this one might just catch someone napping.

It does, and how! Getting the best pass blocking of the night from his line, quarterback Winfield finds he can take his choice of three potential receivers.

"This one he doesn't underthrow. It settles in Hiles' arms, and he's got it. He's got it. He carries the ball on in. This time his PAT kick is perfect.

The visitors' stands are in an uproar. And John Love is lying under the Warrior bench, semi-conscious. It is discovered later that he was injured two plays before the touchdown was

Crabtree 4th In Inter-City Barring Race

Don Crabtree of the Mercer Funeral Home club finished fourth in the Southwestern Illinois Inter-City Baseball League's batting race, according to official statistics just released.

Crabtree hit a hefty .418 with 38 hits in 91 at-bats. He had one homer, three doubles, nine run-batted-in and scored 24 runs.

John Crankovich of East St. Louis' St. Clair Heating won the title with a .451 average with 52 hits in 71 tries. Next were Larry McCaskey of East St. Louis, .440, and Harry Manley of the Peabody Braves, .437.

Merced's Jack Parker was ninth at .361 on the basis of 22 hits in 61 at-bats.

Crabtree tied with Manley for the most hits (.38) and Charles Johannigmer of the Peabody Braves led the league in home runs (5).

Other Mercer averages: Johannigmer .307, Harold Schuchel .269, Stan Fincher .240, Rich Branding .240, Harold Tanksey .231 and Jim Pitts .186. The Warriors' averages include only players with 50 or more at-bats.

Leading batsman for Granite City's other entry, Sacred Heart, was Clarence Jones, who hit .333 with 24 hits in 68 tries—good for 12th in the league.

Other Sacred Heart players with more than 50 at-bats were: Mike Sues .278, Sam Grogg .274 and Jim McKeen .254.

In pitching, Mercer's Bob Vetter ranked third in earned run average with 3.12. Jerry Dill of Maryville was low at 1.88.

Best won-lost marks were 9-0 by St. Clair's Gene Masnell and 11-3 by Dave Rommerskirch of Peabody.

Vetter's record was 7-5. John Rains of Sacred Heart had a 6-4 mark and a 5.88 ERA.

Sacred Heart was fourth in team hitting at .276, and the Mercer's Blue Division with a .345 record. Sacred Heart was third in the Red Division at 10-13.

YMCA Programs For Collegians, Shift Workers

A special college student membership program directed by Larry Wright has been announced by the YMCA.

An open house for registration will be held from 2 to 4 p.m. Tuesday. Membership costs \$15.50 for three months or 75 cents per session on a daily basis.

The program features college gym classes and swim periods from 2 to 4 p.m. Tuesday and Thursday.

Other activities include padel-ball, volleyball, isometric exercise, basketball, physical exercise, bicycle, jump ropes, punching bag, weights, table tennis, hot room, heat lamp, sun lamp, jacuzzi bath, judo, acrobatics, swim and swimming instruction.

Also announced is a special program for shift workers. Activities are scheduled on a swing basis for those who must participate at different times. Many of the same activities are included.

Further information on both programs may be obtained by calling Leo Pfaff at TR 67-200.

The showers are hissing, and in a remarkably short time, steam flows out of the dressing room, sans mud, looking much like the same bunch of well-grounded students who sat down at the training table seven hours earlier.

Suddenly, everyone is hungry. The milk and sandwiches at home will go down easily tonight.

An hour later, the coaching staff, plus Athletic Director Dick Yates, and their wives, left Coach Morrison's apartment where Jim's wife, Betty, who hasn't seen her husband since early morning, has prepared refreshments.

"Nice call, Gordo," Morrison tells Galbreath in reference to the TD pass. Morrison then telephones his mother in Kentucky to relay the good news. She has called earlier.

The food begins to disappear, and the staff digests statistics from the game, too.

Scouts Report

At 11 p.m. the discussion is still going strong when the doorbell rings. In walk sophomore Chappell and Frasier HES Coach Conrad "Babe" Champion, just back from scouting the Quincy-Matton game. Quincy is the next Granite City opponent.

We heard the store just about the time we got to Jerseyville," Chappell smiles, and there are handshakes all around.

Five minutes later, Morrison has called a coaching staff meeting for Sunday evening to review the Edwardsville game. Films, and Chappell has Quincy play charts and statistics spread out on the floor in the Morrison living room.

Preparations for next week's game have already begun.

The background had a large heart covered with flowers and a large cupid on each side shooting arrows.

Other tables for the guests were appointed with white baskets of flowers and centerpieces of white bowls of flowers centered with a heart. Favors were cups with hearts and arrows attached, filled with candy mints. All the decorations were made and arranged by Mrs. Mary Bero of Madison.

Games were played with a number of prizes awarded. The refreshment table was appointed with silver and crystal and a centerpiece of a large white basket filled with flowers, flanked by tall blue candles.

City To Be Sued For Sidewalk Fall Injuries

A notice of intent to file a claim against the city for injuries sustained in a sidewalk fall was received Monday night by Granite City council members and referred to City Atty. George Filloff Jr.

The notice was filed in behalf of Meredith Mullen, 1221 Seventh street, Madison, who said he fell and was injured about 3 p.m. last May 20 on the 2000 block sidewalk along the west side of State street about 110 feet north of 20th street.

The notice states the sidewalk was in a broken condition, causing the fall in which Mullen broke a bone in his left foot and suffered a back injury.

City To Request 5-Day-A-Week Use Of Court

Preparation of a resolution seeking a five-day weekly operation of city court facilities here once the new judicial act becomes effective Jan. 1 was authorized Monday night by Granite City council members.

The council's Legislative committee, headed by Alderwoman Mrs. Gabrielle Bettine, met prior to the council session with representatives of the Tri-City Bar Association, Atty. Leo Konzen and William Beatty and City Judge Fred P. Schuman. Other members of the committee are Aldermen Casner, Skutumpah and Charles W. Moerlein.

The resolution asking for the local city court to be made a part of the Madison county court system will be forwarded to the circuit judges.

In it the city will give assurance the facilities will be maintained and will be made available for use as a court.

The authorization for the resolution was approved unanimously.

\$19,737 Bill List Includes \$2371 For City Engineer

A \$19,737 half-month payroll and a \$19,737 bill list were approved Monday night by Granite City council members.

The original bill list totaled \$17,596, but \$2,371 was added to pay City Engineer David J. Johnston for services in planning improvements to West 24th street.

The \$2,371 was removed from last week's bill list at the request of Alderman Samuel Whitmer, who said he had asked last September for the engineer to look work on motor fuel tax projects that might be carried out in future years.

Whitmer pointed out that another engineering firm might be hired by the city next year, and that problems might arise. However, it was brought out that plans for West 24th street were prepared prior to Whitmer's September request.

Major item on the bill list was the October payment of \$12,291 to United Disposal Corp. for garbage and trash collections.

\$2381 For Curb, Sidewalks
Tom Skierle Co. was paid \$2381 for curb and sidewalk removal and replacement. Purchased from Granite City Supply Corp. were street department supplies costing \$772 and \$449 was spent

Stewardship Program Scheduled For Sunday

Stewardship will be observed at both services on Nov. 3 and on Nov. 10 at First United Presbyterian Church and pledges will be received from the members for the 1964 fiscal year.

George E. Eubanks and Gerald G. Walters, who were selected as co-chairmen by the budget committee, and their volunteers will conduct the every-member canvass.

The youth budget will be represented by Susan West and co-adult advisers Ben Livingston and William Burckey. An every-member canvass is also scheduled for Nov. 10 when the afternoon will be devoted to visiting families not yet pledged.

Pamela Joy Harrison, daughter of Mr. and Mrs. Ted Macies of Granite City, was baptized this week by Rev. David Maxton, pastor.

Activities for the remainder of the week include a rehearsal by the Sanctuary Choir at 7:30 this evening; Friday, the Cantors practice, and at 7:30 p.m. the annual World Community Day service at the Good Shepherd Evangelical United Brethren Church under the auspices of the Quad-City Council of Church Women. On Saturday Rev. Maxton will meet with three cathedral classes.

State Labor Dept. Sues Two County Businesses
John E. Callerton, director of the State Labor Department, filed suit in Madison county circuit court against two Madison county business establishments, claiming that they failed to pay contributions required under the Illinois Unemployment Compensation Act for their employees.

The defendants are Madison and Medora Garrett, doing business as Garrett's Liquor and Blue Haven Club in North Vernon, and against Ervil Little, doing business as the Diamond Cafe, who allegedly owes \$491.

\$19 Claim Against City
A bill amounting to \$19 for repairs to a 1952 auto, submitted to the Granite City council by Robert Hadley, 19th and Adams street, was referred to the city attorney Monday night. Hadley stated his auto was damaged due to condition of the street in the vicinity of Jiffy Car Wash in the 1500 block of Madison avenue.

Governing Dogs To Ambulances

New Laws For Cities Are Reviewed

New state laws requiring city dog owners to pay license fees to a city and county, ambulances to adhere to traffic laws unless directed to disregard by a licensed physician were among those outlined Monday night to Granite City council members.

The review was presented by Alderwoman Mrs. Gabrielle Bettine in her report on last week's Illinois Municipal League convention in Springfield.

A brief debate preceded the report in which Alderman Samuel Whitmer said the report was an attempt "to whitewash" the convention costs.

The Senate bill on ambulances provides that an ambulance shall no longer violate traffic laws when transporting sick or injured persons unless the driver shall have been specifically directed by a licensed physician to disregard traffic laws for the purpose of the trip and the ambulance is equipped with a siren having minimum requirements and an oscillating, rotating or flashing red lamp, both of which must be in operation during the trip.

The new dog license law, which starts Jan. 1, requires dog owners in cities with a population of less than 250,000 population to buy dog licenses from the city and also for the same dog from the county. The county is to remit to the city a half of the dog license fee it collects.

Air Pollution Board
Other laws create an air pollution control board to work with the state department of public health; authorize the council and mayor to appoint an interim alderman to fill a vacancy, provide that a city attorney, provide that a city attorney no longer need be a resident of the city in which he is the attorney.

A revision of the Illinois Municipal Code provides that the passage of ordinances, except those which specifically require concurrence of three-fourths of the council, shall require the concurrence of a majority of the aldermen elected to the council. Prior to the amendment, the concurrence of a majority of the members elected was required but now the mayor is not to be counted in determining the vote necessary for a majority.

Pertaining to annexation ordinances, a city may annex on a vote of a majority rather than a two-thirds vote, and all ordinances covering annexation or disconnection of territories must be filed within 90 days after passage with the county recorder of deeds.

\$5 Daily Jail Credit
Any person violating a city ordinance and refusing to pay the fine and the refusal leads to imprisonment up to six months may be credited \$5 a day for time in jail rather than 50 cents. Extension of sewer and water service beyond corporate limits may be carried out if a majority of the property owners petition for the service and the extension may be financed by revenue bonds payable from the revenue to be derived from the people receiving the service.

House Bill 225 authorizes a city operating a public library to accumulate funds for the purchase, construction, rental and repair of buildings for library purposes from any unexpended balance of tax monies received, not in excess of statutory limits.

On manager form of government, the Illinois Municipal Code was amended to prohibit suits.

mission of the proposal to adopt or abandon the managerial form of government at or immediately prior to the primary or at any time between the date of a primary election and the next municipal election.

This bill was submitted because cities had difficulty in presenting the managerial form of government at the same time as a general election and no one knew who was running for what, the alderwoman said.

Under motor fuel tax regulations, changes reported by Mrs. Bettine were that a city may allocate MFT funds for construction and maintenance of county highways within their boundaries and that any city which has borrowed MFT funds for general purposes has until June 30, 1964, to refund. The deadline had been last June 1.

The alderwoman said a typical meeting of a zoning board of appeals was staged for the IMI delegates. She said the summary of bills was presented to the delegates by Atty. J. Edgar Kelly, Glen Elyon, chairman of the league's legislative policy committee.
